Our Kids Club

Good to know

If the kids are happy, we (and you) are too! The favorite spots for our youngest guests are the fun playground, the playroom or our donkeys Figaro-Lindoro and Rosina.

- The Kids Club is opened daily in July and August, when our child care is present.
- We take care after children which are older than 3 years free of charge.
- We do not look after sick children because of them and the other kids.
- We offer a varied week program with games and fun also in our park.
- With pleasure your children can take part at the Kids-Dinner. We kindly ask you to enroll your kids until 04:00 p.m.
- We take care of your children in the group and at the given times. If you would like to have an individual, personal and exclusive care we will be happy to organize a private babysitter service for you. Please contact our concierge.

- During the months without child care, the Kids Club is opened from 10:00a.m. to 6:00p.m. During this time you are responsible as parents for your children. Accordingly, the hotel assumes no liability. Remember: a nice tidy kids club makes twice as much fun.
- The Swimming pool is reserved for adult guests until 9:00a.m. and from 6:00p.m. to 8:00p.m.

We thank you for your comprehension!
